

# SCHOOL PARTNERS PROGRAM

DPS Foundation galvanizes and mobilizes the entire community to invest in public education. When all students have the opportunity to develop their talents and become engaged members of the community, our society thrives.

The **School Partners Program** empowers businesses to make a meaningful impact on DPS students, educators and families. Thanks to DPS Foundation's unique connections with schools and its leaders, we're able to understand what each student and school needs most, ensuring that your contributions have the greatest impact. Your involvement helps ensure that every DPS student has the resources they need throughout the school year! **Empower schools to thrive and contact DPS Foundation to learn more about both customized and year-round opportunities.**

## GET INVOLVED AND BECOME A...

### SUPPORTER
