

Hannah Cooper: Development Specialist, Corporate Relations

At Denver Public Schools Foundation, we believe that our city is strengthened by every student who graduates ready to lead a successful life. At the DPS Foundation, we invest in accelerating progress, we connect the community to our classrooms, and we inspire confidence in the promise of public education.

Hannah Cooper joined DPS Foundation in 2022, and serves as the Development Specialist, Corporate Relations. In this role, she supports the DPS Foundation through creating and maintaining relationships between schools and businesses/community organizations by providing in-kind contributions, volunteer time, or financial resources - aiding student success as well as providing general assistance to DPS Foundation's development team.

Prior to joining the DPS Foundation, Hannah completed her bachelor's degree and recently earned her master's in international studies at the University of Denver focusing on diplomacy and nonprofit management. Through previous experience in education programming in nonprofits, she discovered a passion for supporting missions that provide and develop greater opportunities for youth in her community.

We know that when our students thrive, our city thrives. I believe in our mission because I believe that in every child, an extraordinary individual is waiting to emerge and having the opportunity of a quality education, they can succeed.
