

Jenny Martin, Director of Development

At Denver Public Schools Foundation, we believe that our city is strengthened by every student who graduates ready to lead a successful life. At the DPS Foundation, we invest in accelerating progress, we connect the community to our classrooms, and we inspire confidence in the promise of public education.

Jenny Martin joined the DPS Foundation in 2021 as the Development Officer, and today she serves as Director of Development. In this role, she supports DPS Foundation's fundraising efforts by cultivating partnerships with individual and corporate partners, leading DPS Foundation's Development Committee, and drives development operations, including annual giving and donor stewardship.

Prior to joining the DPS Foundation, Jenny taught elementary school. In 2018, she transitioned out of the classroom and into fundraising, discovering a passion for supporting child development by connecting others to mission driven work.

We know that when our students thrive, our city thrives. I believe in our mission because I believe that every child is an extraordinary individual deserving an extraordinary education.
