

Kaytie Buell
Accountant

At Denver Public Schools Foundation, we believe that our city is strengthened by every student who graduates ready to lead a successful life. At the DPS Foundation, we invest in accelerating progress, we connect the community to our classrooms, and we inspire confidence in the promise of public education.

Prior to joining the team at the DPS Foundation, Kaytie’s career path was centered around Restaurant and Hospitality Management. She worked for several catering companies, hotels, and restaurants in the Phoenix Metro Area. She decided to make a career change to accounting in 2011, and has been in school full time since then.

Kaytie earned a Bachelor of Science degree in Accounting from the University of Denver Business School. She graduated with Cum Sum Laude Honors, and was accepted into both the International Honors Societies Beta Gamma Sigma and Sigma Alpha Lambda. She is continuing to work on her Master’s degree, and is hoping to take the CPA exam post-graduation.

In her free time, Kaytie works with a support group for families with autism, and enjoys raising a seven-year-old on the autism spectrum. She also enjoys games of all types—video games, card games—and owns over 200 board games.

We know that when our students thrive, our city thrives. *I believe in our mission because if we don’t support an educated America, we cannot have a thriving America.*
